# GAC™ 2700-AGRI

## Grain Moisture Tester

### Introducing the GAC™ 2700-AGRI GET ACCURATE, RAPID RESULTS EVERYTIME

The new GAC® 2700 series grain moisture analyzer will continue DICKEY-john's tradition of bringing innovation to the market with reliable technology to deliver consistent, accurate measurements every time.

The tester provides accurate data you need in order to achieve optimum profitability for your operation. Moisture and temperature are provided for both standalone instrument or integrated system software solutions. Easy-to-use touchscreen interface and quick measurement times keeps your operation running efficiently providing a strong return on your investment.

#### Features and Benefits:

- Utilizes 149 MHz technology, developed by the USDA
- 30-second analysis time
- Integrated system software solution capabilities
- Large 7" touch screen display for greater visibility and responsiveness
- Improved processing provides shorter analysis time allowing more samples to be run during your busiest seasons
- Modern, intuitive operator interface simplifies training and daily operation
- Storage capacity for 3,000+ results
- Multiple USB ports on the front and back of the unit for software upgrades, USB devices, printer and peripherals
- Bar code scanner capability to expedite processing time
- Ergonomically designed drawer handle reduces operator fatigue

# GAC™ 2700-AGRI

## Grain Moisture Tester

### Calibrations:

With the rich experience in the industry, DICKEY-john® understands the need to tailor the requirements of your region and operation based on the specific application. This is why the GAC™ 2700-AGRI is designed with a robust set of standard calibrations and supported with expandable options.

- Lowest legal temperatures, up to 20% moisture at -20° C
- Highest moisture limit with unofficial hot grain calibrations
- Calibrations specifically developed for specialty crops such as coffee, peanuts, almonds, and popcorn
- Best-in-class support backed by DICKEY-john's calibration laboratories
- Convenient, easy-to-download calibrations available on [www.dickey-john.com](http://www.dickey-john.com)
- Custom calibration development available for unique crop and region attributes

### Specifications

<b>Operating Temperature</b>	2 to 45°C
<b>Power</b>	110/220V, 50/60 Hz, 30/35 VA
<b>Humidity</b>	20 to 90% non-condensing
<b>Grain Temperature</b>	-20° to +45°C depending on grain calibrations
<b>Storage/transit Temperature</b>	-20 to +60°C
<b>Moisture Range</b>	5 to 45% (grain dependent)
<b>Approximate Weight</b>	11.43 kg
<b>Approximate Dimensions</b>	43.18cm H x 48.26cm W x 35.56 cm D
<b>Languages</b>	English
<b>Moisture Ranges</b>	5 to 45% (grain calibration dependent)

### Backed by the power of DICKEY-john:

When you buy a DICKEY-john GAC™ 2700-AGRI you get all the dependability and value you expect from DICKEY-john® products. Like all DICKEY-john products, the GAC 2700-AGRI is designed and manufactured in the USA, and supported worldwide.
